## DICTIO AND MILLER CANFIELD LAW FIRMS JOIN FORCES TO SUPPORT CLIENTS IN THE RECOVERY OF UKRAINE

It is with great pleasure that we announce the international law firm Miller Canfield and Ukrainian law firm Dictio will commence cooperation, effective immediately, based on the recently signed affiliation agreement.

Miller Canfield is one of the largest and oldest law firms in Michigan (USA), with 19 offices and affiliated locations in New York, California, Ohio, Illinois, as well as in Canada, China, Poland, Mexico, and Qatar.

Dictio is a Ukrainian boutique law firm providing legal advice in all areas of the business law with deep specialization in the real estate and construction, investments including foreign direct investments, dispute resolution and bankruptcy.

Through the affiliation, international clients of Miller Canfield will get access to the high class professional legal assistance in Ukraine and clients of Dictio will get access to the international network of Miller Canfield's offices. Our cooperation will open new opportunities for clients of both companies.

We are joining forces in preparation for the challenges and opportunities created by the Ukrainian government's United24 Recovery initiative. In that respect, primary areas of the cooperation of the affiliated firms in the immediate future are reconstruction/construction of real estate focusing on residential, industrial and healthcare facilities as well as reconstruction of the destroyed technical infrastructure (roads, bridges, utilities).

In our joint efforts to help reconstruct Ukraine, Miller Canfield brings access to international firms and organizations from those sectors in Poland, EU and in the US as well as legal skills and the intellectual depth of the large scale multi jurisdiction law firm, while Dictio brings deep industry expertise regarding those strategic sectors as well as perfect understanding of the dynamically changing legal and institutional environment of contemporary Ukraine.

This is a very exciting occasion for both firms, our staff, as well as our existing and future clients.
